DUNDY'S IRE.

Directed Against the Prosecuting Lawyers of His Court. Judge Dundy threatened the lawyers having cases in his court with summary dismissal unless they display more promptness and energy in preparing them for trial when the time comes. His honor's manifestation of displeasure reached a climax after he had devoted several minutes calling the law doct without receiving any response. Said he, rather warmly:

"If lawyers are not ready when their cases are called to make some showing I will either dismiss or continue them to the next term of court. We can't afford to foot away our time and incur extra expense waiting the pleasure of anybody."

Very much to the surprise of everybody interested, the jury which tried the case of Mosher, Hebbman & Co. against Hall county for \$25,000 payment for a jail built at Grand Island, returned a verdict in favor of the plaintiffs for \$23,566.81, just \$1,433.19 more than they sued for. The county undertook to repudiate the debt because of the fact that about three months after the jail had been opened a number of prisoners broke out and escaped. Last spring the county offered to settle their claim for \$2,000 but the county refused.

Judge Brewer heard a number of arguments in equity among them being the somewhat famous Miller controversy. One of the most interesting cases before the grand jury comes from Blair. It is that of the conspiracy, exposed last August, to fasten a crime upon Cora Clark, the postmistress, and thus get her removed. Harry J. Vaughn was arrested and brought to Omaha by Deputy Marshal Lewis, August 31. He was taken before the judge on preliminary examination and bound over in the sum of \$1,000. Miss Clark was not arrested, as has been mentioned, but Vaughn, the assistant postmaster, was. The conspiracy gotten up against Miss Clark was intended to fasten upon her the robbery of a letter containing money.

The case of the East Omaha Land company in relation to the accretions along the Missouri river, is one of the most important matters brought before Judge Brewer. The controversy arose over a strip of newly-made land which was acquired by the change of water in the river since this company secured its property in the bottom north and east of the Union Pacific yards tracks. The ownership is disputed by a man named Street.

The case of the First National bank of Rock Island, Ill., against Churchill Parker, involving \$4,000 alleged to be due on a promissory note, was tried before Judge Dundy and a judgment in the sum of \$2,778.83 rendered for the plaintiff. A motion for a new trial was promptly filed by the defense.

In the afternoon the case of J. M. Woolworth vs. Allen Root, a suit involving the lands in the western portion of Douglas county, came up before Judge Brewer in chambers. The jury was not completed at the time of adjournment. Judge Dundy has orders in the following cases during the afternoon:

J. H. Reinhard vs. E. E. Coster, J. M. Dewesse, M. G. Dewesse and B. R. Coster. Continued and suit on order.

The United States ex rel. Augustus Koutze vs. School District 31, Seward county. Continued on motion of defendant.

Stewart vs. Wellborn, Paxton & Gallagher interveners. Set for trial on Monday next. All the cases of Miles vs. Haape et al., Kahn, Yall, Nelson et al. and Lawrence were dismissed.

Burford vs. Kennedy was set for trial next week.

In the matter of the case of Lala Pickett vs. The Model Steam Laundry for damages resulting from injuries received, the case was set for trial on Monday next.

George Johnson vs. Iowa Construction company. Continued on application of plaintiff, no one appearing for the defendant.

Union Pacific Railway company vs. Winona Implement company. Verdict for defendant, which was set aside by the court on plaintiff's motion and a new trial ordered.

The Union Pacific vs. Fairbank & Co. Dismissed at plaintiff's cost.

The cases of Patterson vs. Emerson, Johnson vs. Emerson, Stone vs. Emerson, Englehouse vs. Emerson et al. were continued.

The cases of Ogde and Porter vs. the Smeagum County Building company are marked for hearing on motion to remand.

In the matter of the Porter Manufacturing company vs. A. L. Strang, leave to take depositions in term time was given. The grand jury is still in session on the Nebraska shooting.

STRANGE JURY CONCLUSIONS.

How One of Them Kept a Man from the Pen. Some of the juries in the district court have a peculiar method of arriving at verdicts. A sample of this was in the peculiar cases that led to a disagreement in the Meyers-Planten murder case, where one jurymen held out against conviction, on the ground that the murdered man was perhaps not prepared to die. Another example was furnished in the trial of Edward Orr, the bell boy, who was charged with the larceny of a lot of goods from a room in the Murray hotel. The evidence of the prosecution all went to show that the goods stolen were valued at from \$150 to \$205, the first named sum being the lowest estimate. The jury in some manner arrived at the conclusion that the value of the goods stolen was \$31, one dollar less than the amount required to constitute grand larceny, and was consequently found guilty of petty larceny and was sentenced by Judge Hopewell to thirty days in the county jail.

The case against Charles Duteber, charged with robbing John Olmson of \$200, is on trial in Judge Hopewell's court. Olmson and Duteber were rooming together and Olmson awoke one morning to find his money gone. He had saved it to send to Sweden to bring some of his family to America. Duteber denied having stolen the money but showed the police where it was buried in the yard in the rear of the boarding house.

The case of Mrs. Bush against the Garmon cracker company is on trial before Judge Davis. It is a case involving the ownership of a piece of land which was owned and occupied Mrs. Bush's daughter and she sued for \$10,000 damages.

Judge Dundy took up the case of Gallagher vs. Council yesterday afternoon. This is a suit which has been in court for years, having been to the supreme court, and the subject of litigation. It is a case involving the possession of sixty-two and one-half acres of ground southwest of Hanson park, of which Gallagher claims possession by reason of a deed from the president of Council holds the land by virtue of another deed, which he claims is the only legal one.

Mrs. Valera W. Valera has brought suit against the Omaha Motor Railway company for \$5,000 damages by reason of injuries sustained by a fall received while attempting to alight from a motor train which was started suddenly as she was about to alight.

William A. Hamilton has applied for a divorce from his wife, Julia E., on the ground of desertion.

The Crane Brothers Manufacturing company has commenced an action against Michael Donnelly et al. to recover \$24.06 on a mechanical lien.

Francis Leon Englobert has brought a suit in equity against William F. Trout et al. to have two deeds from the plaintiff to George E. Pritchett for lot 3 in Gise's addition set aside, on the ground that the plaintiff was a minor at the time the conveyance was made. The defendants base their claim to possession on the deed to Pritchett.

County Court. The case of Cameron vs. Hoese, a suit for wages and commission on sales, amounting to \$625, is on trial before a jury in Judge Shields' court. It has been on the docket for three years.

In the case of Ullshendorf vs. Dempsey, a suit for money loaned, judgment was entered in the sum of \$250.

Judgment in the amount of \$200.00 was entered in the case of Mustard vs. Dworak Brothers & Co., a suit on a note.

The Market House. OMAHA, Nov. 12.—To the Editor of THE BEE: There is no doubt that Omaha is in need of a market house, and that the benefits of the community to be derived from such an institution will be of great value both to the consumer as well as to the vendor.

There is such a site on Jackson between Sixteenth and Seventeenth streets, which is admirably adapted for such a purpose, and I understand the owners are willing to part with it at extremely low figures.

CONSUMPTION. IN its first stages, can be successfully checked by the prompt use of Ayer's Cherry Pectoral. Even in the later periods of this disease the cough is wonderfully relieved by this medicine.

"I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Cherry Pectoral cured me."—A. J. Eidson, M. D., Middleboro, Tennessee.

"Several years ago I was severely ill. The doctors said I was in consumption, and that they could do nothing for me, but advised me, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine two or three months I was cured, and my health remains good to the present day."—James Birchard, Durien, Conn.

"Several years ago, on a passage home from California, by water, I contracted so severe a cold that for some days I was confined to my state-room, and a physician on board contacted me, and in danger. On happening to have a bottle of Ayer's Cherry Pectoral, I used it freely, and my illness was soon terminated to a healthy condition. Since then I have invariably recommended this preparation."—J. B. A CARD FROM MAX MEYER & BRO. The auction sale which is advertised to open at our store to-morrow, has caused so many inquiries that we take this method to answer the inquiries and inform the public at the same time. The object of the sale is not, as some have asserted, to get rid of our old stock for the best of reasons, we have none. Nor is it a holiday scheme to get the trade—but it is as advertised, to close the retail department of our jewelry business which we have been desirous of doing for many months, and having failed to find a customer to purchase the stock entire, and to put the stock into our wholesale department not being feasible, we have determined upon an auction sale of our entire stock of diamonds, fancy goods, art goods, and all. Without limit or reserve of one single article. We invite all to attend these sales, which will be held daily for the next thirty days (if not disposed of before) and see if this statement is not a fact. MAX MEYER & BRO.
